## Radiant with Radiesse September Special

MilfordMD's Radiant with Radiesse September special, valid through October 12, is 50% off on a 4-syringe Radiesse treatment for jawline contouring or hand rejuvenation. The savings, valued at \$1,390, requires a prepayment at the time of scheduling or of gift purchase. "Radiesse, a calcium hydroxylapatite filler, is different than most popular hyaluronic acid fillers, and not only provides immediate volume to an area like the jawline but also continues to work by stimulating natural collagen production. Results can last a year or more," Dr. Buckley says.

## Gyft of Lyft Special

Through October 12, men and women can save 40% (\$835) on 3 syringes of Restylane Lyft. Prepayment is required. "The FDA has approved the injectable hyaluronic acid gel Restylane Lyft to correct volume deficits in the backs of the hands, augment facial cheeks and correct age-related midface contour deficiencies in patients over the age of 21," Dr. Buckley says. "The filler also is approved to treat facial wrinkles and folds, including the smile lines. We use it for all these indications, and patients love the results."

## More Youthful Eyes for Fall

MilfordMD clients can save 40% on 3 syringes of Restylane-L dermal filler to rejuvenate the eyes and diminish crow's feet. The offer, valid through October 12, saves purchasers \$835. Prepayment is required. "In trained hands, hyaluronic acid dermal fillers, including Restylane-L, work beautifully to restore a more youthful look to the eyes," Dr. Buckley says.

Additionally, MilfordMD's Sculp with Sculptra special offers clients a \$1,250 (42%) savings on 3 vials of Sculptra or a savings of \$800 (40%) on 2 Sculptra vials. The offer is valid until October 12 and prepayment at the time of scheduling or gift purchase is required.
